

Kelly Ahern

Hi I'm Kelly.

Therapy Assistant at IKOT and Teacher Assistant with the education department.

I have a Bachelor of Fine Arts and still enjoy working with textiles in my free time.

I have 4 boys aged 23, 21 and 2 x 17. I discovered my passion for working with children as parent help, which then became a job at my children's school. My youngest two had severe speech difficulties which drove my interest in Speech Aides work including AAC.

I love working with young people in most areas (gardening with others is not my forté). I enjoy conducting small group programs such as yoga, art, cooking, life skills, fine and gross motor.

I love my job, it is NEVER boring, usually interesting, sometimes difficult, mostly fun and ALWAYS rewarding.
