

## **Von Hutchison**

Hi, my name is Von.

I joined the team at IKOT at the end of 2020. With a background in Social Work, I am currently enjoying providing admin support to our wonderful team of therapists and interacting with our amazing clients. I am in awe of our skilled and passionate therapists and their commitment to their clients. I love meeting the children and young people who come to the practice, as well as their family and support people. I'm always happy to answer any questions and help in any way that I can.

When I'm not working, I'm busy being a single Mum to my daughter, and enjoy cooking, finding new corners of our beautiful state to explore, and curling up with a good book. I'm also very involved in our local theatre community (although you won't catch me on stage!).
